C-LO: component storage changes; qualification holds retained
Moving apertures are not closed energy budgets; missing measurements remain gaps
All — 100 km/s aperture
Cocoon — 100 km/s aperture
Ambient — 100 km/s aperture
All — 300 km/s aperture
Cocoon — 300 km/s aperture
Ambient — 300 km/s aperture
Storage change / labelled bipolar input
Actual simulation age (Myr)
